Returns:

Returns are accepted for defective goods only. Please obtain authorization prior to returning any item. Prices are subject to change with out notice.

NOW STOCKING The Foundry®

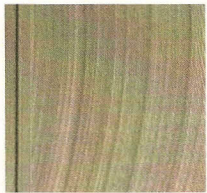

The Foundry

Split along the grain, Foundry Shakes are defined by a deep texture that illustrates the contrast of light and shadow. Foundry Shingles have a naturally textured surface and butt edge that are designed to emulate the random marks of a mill saw.

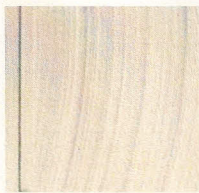

The Weathered Collection gives a home the authentic appearance of cedar siding that has weathered over time. Panels feature a darker shade of a color in the grain, and a lighter one on the higher points.
